3. Meeting Notes and Actions

3.1 Welcome and introductions

Cllr Adams welcomed Members and Officers to the meeting.

3.2 Minutes

The minutes of the previous meeting, 25th July 2024, were agreed.

3.3 Terms of Reference

Charlie Fisher, Scrutiny Officer, and Steve Liddicott, Deputy Director for Children's Health and Wellbeing introduced the revised Terms of Reference document for the Group.

The meeting on 25th July 2024 had agreed to review the Terms of Reference. Revisions included widening and clarifying the optional attendees and clarifying the frequency of meetings and reporting mechanisms.

Recommendation:

- (a) That the Terms of Reference are endorsed by the Regional Adoption Agency Joint Scrutiny Group.

3.4 Overview and role of Adopt South West

Amanda White, Head of Service - Adopt South West, and Becky Thompson, Divisional Director of Safeguarding, presented to Members on an overview of and the role of Adopt South West as a regional adoption agency. The presentation covered the role of Regional Adoption Agencies, Adoption England, how Regional Adoption Agencies work together, what good practice looks like and how the service is meeting those indicators, performance and recent developments and improvements.

Key areas highlighted in the presentation:

- [Adopt South West](#) (ASW) is one of 32 Regional Adoption Agencies who work to improve the recruitment of adopters, help children to move into their permanent families as promptly as possible and offer robust adoption support across the wider region.
- [Adoption England](#) is a Department for Education funded national collaboration of RAAs working to improve adoption practice and develop support across England.
- ASW work pan-regionally with other RAAs to improve practice.
- Devon County Council host ASW, and an inter-authority agreement ensures governance through the Operational and Strategic Boards.
- What does good practice look like in regional adoption agencies? The key indicators include: the sufficiency of adopter numbers and diversity to meet the needs of children with plans for early permanence and adoption; Supporting children moving into their adoptive families as promptly as possible and offering robust and timely adoption support across the region for adopted children/young person/adopters/birth families/adopted families.

The Head of Service also provided an overview of the service's performance dashboard and an explanation of the performance measures. Key indicators highlighted included:

- Whilst there has been national decrease in adopters, ASW saw an 11% rise in adopter enquiries and 6% rise in applications to adopt. Whilst most relate to Cornwall joining ASW, the figure has still increased excluding Cornwall.

- The adopter approval rate has increased, with a projected figure of 94 by the end of the year, an increase from 68 approvals made in 2023/24.
- 109 children placed year to date (2024/25), with 93 (86%) placed with ASW families.
- In 2023/24, nationally ASW was the best performing RAA for children achieving adoption from early permanence placements. In 2024/25, despite a slight drop, ASW expect to still continue to be the best performers.

Recent key developments since the last meeting and the Annual Report included:

- The Triage team has been expanded.
- Peer mentoring support for adopters in early placements has been established.
- Implementation of a focused team for maintaining relationships, staying in touch, letterbox and direct contact.
- An adoption experienced adult has joined the Strategic Board.
- Two adopted young adults have joined the adopted panel to improve the voice and influence of children and young people who have been adopted.
- Birth mothers and a birth father than provided video training for adopters and staff.

Discussion with Members included:

- The Chair welcomed the comprehensive overview given and the service's performance and asked that her appreciation is passed on the staff in the service.
- The importance of the relationship between ASW and the constituent local authorities, and their roles and responsibilities for adoption.
- Effective relationships with local authority fostering services – the service links to the regional fostering hub, deliver training to fostering teams about adoption and work together for marketing services and supporting families and staff.
- How the service's good performance has been maintained? Officers commented that this was due to effective collaboration across the local area, longer term planning, marketing, effective working between fostering and adoption services, good performance and ensuring the right outcomes for the child/young person and a consistent and experienced workforce across a number of years.
- Members recalled from the previous meeting that ASW reported an underspend in their budget. Officers reported that there was an operational underspend on staffing due to inherited vacant posts from Cornwall. The service has worked to ensure the effective recruitment of staff with the right skills. The service has an interagency budget which is used to place children outside of the RAA area. As placement timings are unpredictable interagency spend is not able to be definitive and the budget has flexibility to respond to the needs of children to be placed throughout the year.
- The progress of the #thinkagain campaign and improvements to the time between approval and placements.

3.5 Progress against the Adopt South West Annual Report and Strategic Plan

The Chair was content that this item had been covered in the previous item's presentation and discussion.

3.6 Election of Chair and Host Authority for 2025/26

Members discussed the Chair and Host Authority for 2025/26 municipal year and it was clarified what the role entails, the responsibilities and workload.

Members and Lead Members agreed to have a conversation with their Scrutiny Chair and Vice Chair to ascertain if they could host the Joint Scrutiny Group meetings in 2025/26.

Actions:

- (a) That the Chair and Scrutiny Officer (DCC) would liaise with the Joint Scrutiny Group after the meeting to determine the Chair and Host Authority for 2025/26.

The meeting began at 10:01am and ended at 11:15am.
