1st Application Notice.

Dear Sir/Madam,

We are appalled that this application for external music being played Monday to Sunday until 21:30hrs being put forward by Beverley Park Holiday Camp is even up for consideration.

Our property including others is right behind the camp's reception area and we would be subjected to music blaring out on a daily basis. Both my husband and I were brought up in Torbay living around this area all our lives and Beverly Park has been here for a very long time.

We moved to our present address in Davies Avenue in 2015 and accepted a certain amount of low level noise that comes from the camp and holidaying guests, enjoying their holidays. In the avenue many of our neighbours, our selves included are senior citizens and we are afraid that this will upset the community greatly, also affecting our well being and the value of our properties. After all who would want to buy a property when they know music will be being played outside at the back of their bungalows when relaxing in their gardens until 21.30 hrs ?

In the summer when the weather is hot are we going to have to close all our windows and doors and stifle in the heat in order to shut out the sound of music coming from the camp? This would not be acceptable for us or our neighbours and I hope and trust that this application will be refused.

2nd Application Notice

Regarding this new application many residents might not be aware of it and I only knew of it's existence as I saw the person take the old one down and replace it with what's there now.

Our concerns after reading this new notice are that the level of noise radiating from the camp even though it would be indoors will increase to an unacceptable level with the longer hours proposed i.e after midnight. Revellers leaving the camp are bound to be in high spirits and noisy. It is very quiet in this street after 10.30 pm and we do not wish for it to be compromised by extended music hours proposed by Beverley Park. This would make our lives a misery and be detrimental to our well being!!!!

I hope you will take ours and others justified concerns and complaints and refuse both applications on the grounds of excessive noise levels in a built up residential area.

Yours sincerely

Dear Licensing Dept,

I wish to register my concerns and possible objections about applications for "New Premises licenses" 049714,049721 and 049770. I am not sure, but 049721 may have been withdrawn now. These were all made by Beverley Park Holiday Camp, Goodrington Road, Paignton, Devon, TQ4 7JE plus a few alternative slightly different close postcodes (large premises spanning several).

Concerns regarding Licensing Objectives:- The prevention of Public Nuisance and Public Safety.

1). I am concerned that the outdoor music they propose might be hear-able from the houses in Davies Avenue that back on to the camp. I suffer from beat sensitive epilepsy, which means I have seizures which are triggered by repetitive music beat or pneumatic drills. Whereas I don't live in Davies Ave, my mother in her 90's does, and I spend a lot of time there looking after her. She needs a lot of assistance and I am her carer. If I can't go there any more, I don't know of anyone who can take over caring for her.

2). I am also concerned that the outdoor music might reach the Gibson Gardens houses especially no 23, This is less than 100 meters in a straight line, from the Davies Avenue one's. My concerns are that I would have to evacuate my home every time the music comes across, or have seizures. Seizures can be fatal. I am not very mobile for dashing out the house because I have had a stroke myself, which would exacerbate the situation. Nor can I hop around at the end of the road for long (one leg is affected by stroke), waiting for the music to stop. I can't drive away (not allowed to because of epilepsy). My partner and I have only just bought a house there, which we only selected because it was quiet from music from passing cars there and I can easily get to my mums from there. I have not yet moved in, but we intended to move there as soon as we have done it up(It is in need of quite a bit of repair). We don't want to be driven out already, before I have even moved in, especially after so much effort doing it up.

If the music beat will not increase from the camp at either of these locations then I have no objections.

Kind Regards

TORBAY COUNCIL

Dear Sirs

Re Applications for a Premises Licence for Beverley Park, Goodrington Road, Paignton

Further to your local notices regarding Beverley Park wanting to play music outside and have live music /recorded music/dance/performances etc until 00.30 and late night refreshments until 2.00am and supply of alcohol until 00.30, I oppose these applications.

My home and garden backs on to Beverley park and I can see some of the caravans at the end of my garden (I am very close). I often sit in my garden in the warmer months and relish the peace and quiet. I have lived here for over 13 years and am in my eighties and would find the outside music and late night activities to be very distracting and distressing. I am a light sleeper and do not want to be woken during the night by loud music and noisy guests staying on Beverley Park causing me anxiety. I also feel that this would encourage the caravan guests to have loud music and drink alcohol outside their caravans late at night which would increase the noise further.

This is a good, quiet, respected neighbourhood with a high number of elderly residents, and I do not want Beverley Park to turn into a theme park and music venue. It is a family caravan park and should remain so.

Even though I have occasionally heard loud noises from the park, I believe if these applications were granted, it would greatly increase the noise further to a disapproving level and upset and distress myself and the neighbourhood. Therefore I do not approve Beverley parks application requests as I would hear the noise from my home.

Yours faithfully

[REDACTED]

[REDACTED]

P.S. This could also devalue properties in Davies Avenue, Gibson Road, Goodrington Road and surrounding streets, and could 'put off' any prospective buyers.

Dear Sir/Madam

Ref: Beverley Park, Goodrington Road, Paignton TQ4 7JE

It has come to our notice that the above Holiday Park has made 2 applications for alterations/extension to their Liquor/Music & Dancing Licences, both indoor and out.

My partner and I both strongly object to any alteration to the licence, especially music indoor and out, late night refreshments until 02.00 every day, and supply of alcohol from 08.00am to 00.30 every day.

The noise pollution already from their seasonal operation is sometimes too much, our house which is in a retirement area, is only 50 metres from their main concert hall and already destroys the evening tranquillity of our garden during the summer months. For the council to consider any extension or even outdoor music would be totally unreasonable. I have enclosed with this letter a Google aerial photo which shows just how close ourselves, and our neighbours are to this holiday park.

We do hope that our objections are not ignored and that these permissions are not granted.

There is a distance of less than 3 metres from our garden boundary to their caravans when they were renewed some years ago, the hedge boundary was then the only division, since then due to increased noise and especially bad language from time to time, possibly due to alcohol consumption, we have had to erect a fence inside our boundary. There have also been burglaries to homes in our street and vandalism to cars over the years, possibly related to alcohol, the police always suggesting that it may be holiday makers from the Park.

Yours sincerely

Re planning application Beverley Park Goodrington Road

As our garden backs onto this caravan park we have no problem with indoor music, we still hear from indoors anyway and this is quite loud enough thank you.

People will be drinking until the bar shuts and after finishing them off. Late night refreshments from 23.00 - 2.00 am will lead to drunken and excessive noise as they go back to the caravans, its more like night club hours. Cant they eat in the caravan even then some are still rowdy.

I strongly object to this application due to noise problems as it is over three hours after the bar closes. Till 2.00 am is taking the mickey. It will cause a nuisance enough is enough.
