## Torbay Council Fees & Charges

This document outlines the fees & charges applied by Torbay Council in exchange for goods or services provided by the Council. Fees & charges are categorised to assist decision making.

Category	Description	Suggested basis for change
National	Fee set nationally in statute, by a regulator or similar. The Council is not able to vary these fees or charges.	As per national changes
Cost Recovery	Fee set based on recovery of the <b>full</b> cost to deliver the goods or service. The Council must ensure full cost recovery in the provision of this service.	<p>Where full cost recovery is in place, the increase should reflect any changes to the cost of delivering the service.</p> <p>An increase of at least 4% is recommended to cover the estimated pay and price increases. This approach ensures fees &amp; charges are rising in line with the costs associated with support/delivery.</p> <p>Where full cost recovery is not in place, prices are recommended to rise to ensure full cost recovery to prevent inadvertent tax payer subsidy.</p>
Traded	This is a service which is also offered in a commercial environment and the price should reflect market factors such as supply, demand and competition.	Increase by estimated level of inflation in April 2024. Currently assumed to be 4% and matches assumptions in our MTFP.
Subsidised	Fee set below cost to deliver in order to incentivise a particular activity. <b>This category of fee or charge is therefore subsidised by the taxpayer</b>	Increase by at least 4% to cover the average impact of the pay award. This ensures fees & charges are rising in line with the staff costs associated with support/delivery.
Levy	Fee or retrospective charge as a result of activity which the Council is able to levy an additional charge. These fees/charges are typically higher to act as a general disincentive or penalty to prevent non-compliance or failure to meet an agreed course of activity	Increase by estimated level of inflation in April 2024. Currently assumed to be 4% and matches assumptions in our MTFP.

If an applicant applying for an event/events, applies for a number of days within a given time period, even if those days are not consecutive or not at the same location then the charge will be based upon total number of days applied for. However this cannot be done in retrospect.

Community Partnership Events applications can be co-ordinated using the same criteria, even if the events are run by different Community Partnerships.

One Street Trading Consent can then be issued for all those events applied for and they will be listed within the Consent.

# Local Community Street Trading Events (i.e. friend of park etc.) where the purpose is charitable, but where stall holders only pay a contribution for charitable purposes - (with agreement from Council)

# Larger Community Street Trading Events (i.e. Carnivals, BMAD etc.) where the purpose is charitable, but where stall holders only pay a contribution for charitable purposes - (with agreement from Council)

# Council Event, run by the Events Team (as opposed to an event support by TBC)

Charitable Street Trading Events, where ALL money raised is for charitable purposes - Free (with agreement from Council)
