

To amend the Resource and Waste Management Strategy 2020 – 2023 to remove the reference to undertaking a trial of a reduction in the frequency of residual waste collections.

The Resource and Waste Management Strategy 2020 – 2023 was approved by Council in February 2021 and it included a reference to undertaking a trial of a reduction in the frequency of residual waste collections. Although in the Strategy, this aim was not included within the associated Action Plan.

The Council and SWISCo are working hard to increase recycling rates, and thereby reducing the amount of residual waste that households generate. However, the ongoing inclusion of the potential for this trial could cause a distraction from the important work to improve the levels of household recycling in the Bay.

As the Resource and Waste Management Strategy forms part of the Council's Policy Framework, there is a requirement to undertake consultation on any changes.

Wards affected:	All Wards
Consultees:	Householders
Means of Consultation:	Online consultation with promotion via the One Torbay newsletter (which has over 9000 subscribers)
Documents to be considered:	There are currently no documents published. All documents will normally be published at least five clear working days before the meeting. Where documents are not available five clear working days before the meeting, the documents will be published at the same time as they are made available to the decision maker.
Responsible Cabinet Member and Officer:	Cabinet Member for Infrastructure, Environment and Culture (Councillor Mike Morey) Director of Place (Kevin Mowat)
Link to targeted actions:	Tackling climate change
Reason for inclusion in the Forward Plan:	Policy Framework
Decision Maker:	Director of Place Cabinet Council

Intended Decision Date:	29 Jul 2022 30 Aug 2022 15 Sep 2022
If you want to make representations contact:	Kevin Mowat, Director of Place, Kevin.Mowat@torbay.gov.uk, Torbay Council, Town Hall, Castle Circus, Torquay, TQ1 3DR
