Email: Julia.Chisnell@torbay.gov.uk

1. Purpose

To detail arrangements for the new Health and Wellbeing Board Executive Group.

2. Recommendation

Members are asked to note and endorse the arrangements for the Executive Group and proposals for creation of a Health and Wellbeing Board risk register.

3. Supporting Information

Members were informed at the December Board meeting of a proposal to develop a Health and Wellbeing Board Executive Group to push forward the actions of the Board and ensure progress is being made in all key areas, risks highlighted, and the Board briefed on areas where further collaborative work is needed.

Terms of reference for the Executive Group are attached.

The Group met for the first time in February 2022 to review the terms of reference and confirm membership and work programme.

It was proposed that the Health and Wellbeing Board should hold a risk register. This would only include those risks that members deem to be relevant to, and able to be addressed by, the majority of partners represented on the Board. It would not be a duplicate of individual partner risk registers but highlight system risks to delivery of the Boards priorities.

4. Relationship to Joint Strategic Needs Assessment

The Executive Group will support the Board in addressing areas of priority identified by the Joint Strategic Needs Assessment and included in the Joint Health and Wellbeing Strategy.

5. Relationship to Joint Health and Wellbeing Strategy

The Executive Group will review and chase progress against the Health and Wellbeing Strategy priority areas.
