Financial Regulations

1. Introduction

- 1.1 To conduct its business properly, Torbay Council needs sound financial management policies in place and controls to ensure compliance with those policies. In addition, the Council has additional responsibilities under statute. These Financial Regulations provide a framework of policies and controls for managing these responsibilities.
- 1.2 All local authorities are required to establish Financial Regulations to ensure the proper administration of financial affairs which have arisen from the legislative powers conferred upon local authorities and the consequential rights, powers and duties placed upon the Council, the Leader of the Council, Members and Officers.
- 1.3 The Financial Regulations apply to every Member and Officer/employee (including agency and seconded staff) of the Council and anyone acting on its behalf. All Officers and Members have a duty to abide by the highest standards of probity in dealing with financial issues.
- 1.4 Non compliance with these regulations will be referred to the Chief Finance Officer and the Head of Devon Audit Partnership, who will take appropriate action.
- 1.5 The Financial Regulations should ensure compliance with all accounting and auditing standards, and codes of practice, which are produced by the appropriate professional accountancy bodies.
- 1.6 The Financial Regulations apply to the Council and any associated companies. The Chief Finance Officer legislative requirements apply to all council assets and liabilities included subsidiary companies. The CFO therefore has responsibility for the financial systems, financial procedures and financial regulations in use by the subsidiary companies.
- 1.7 These Financial Regulations are intended as an aid to good financial management and outline the necessary procedures to secure the proper administration of financial affairs. Financial regulations will also be supplemented by more detailed financial instructions issued as and when appropriate by the Chief Finance Officer or his/her nominated representative.
- 1.8 In these regulations the following definitions apply:-
 - a) Budget Holder – as identified on the Council Financial Information Management System (a Budget Holder is allocated to every cost centre).

 - c) Head of Service – reference to Head of Service in these regulations includes the Chief Executive, Directors, Assistant Directors and Head of Service.
 - d) Chief Finance Officer – the appointed Section 151 post and reference to it includes all nominated deputies appointed by the Chief Finance Officer.

2. Legislative and Regulatory Requirements

The role of Chief Finance Officer has been given these responsibilities within the Council's management structure.
- 2.2 In addition the Chief Finance Officer, or his/her properly appointed nominated representatives, have duties under Sections 114 and 114A of the Local Government Finance Act 1988 see paragraph 3.5.
- 2.3 The Accounts and Audit (England) Regulations 2015 also confer further responsibilities upon the Chief Finance Officer, or his/her nominated representatives, including determination of and responsibility for the accounting systems and supporting records and systems and internal control (including internal audit). These regulations have been produced to comply with these requirements.
- 2.4 The Chief Finance Officer is also responsible for the publication of financial related notices, documents and the completion of returns as required under statute.
- 2.5 Whilst these responsibilities are specifically allocated to the Chief Finance Officer, it is the responsibility of individuals identified in paragraph 1.3 to be aware of and operate within the Financial Regulations, Standing Orders in Part 4 and the code of conducts and local protocols in Part 5 of the Constitution.
- 2.6 For Torbay Council schools operating under the School Standards and Framework Act 1998, they have specific Financial Regulations. These are approved by the Chief Finance Officer in consultation with the Schools Forum.
- 2.7 Setting of annual budgets for expenditure and any carry forwards of surplus or deficit within the Dedicated Schools Grant (DSG) separate from the individual schools budgets is delegated to the Section 151 Officer in consultation with the Assistant Director for Education subject to any decisions that are required under statute to be approved by the Schools Forum.

If it is determined that no legal liability exists in respect of the loss/damage then no payment will be made.

9. Assets including Estates, Non Current Assets and intellectual property**Asset Records**

The terrier is to be regularly reconciled to records held in the asset register.
- 9.2 TDA, the Chief Finance Officer and other appropriate officers shall co-operate in the preparation and maintenance of an asset register in suitable format and containing all the relevant information to comply with proper accounting practice. - 9.6 Intellectual property is something unique that the Council has physically created. To protect internally developed intellectual property from theft and copying, Heads of Service should consider registration e.g. trade marks for logos or copyright for software created. Protecting these assets makes it easier to take legal action against anyone who steals or copies it.
- 9.7 If intellectual property is registered, the Head of Service must notify the Chief Finance Officer so the asset can be added to the asset register and the same safeguards that apply to the Council's other assets can be applied to these assets.

Asset Disposals and Leases

- 9.8 For approval purposes a disposal is deemed to be applicable for both a freehold disposal and any lease where the term is in excess of 40 years.
- 9.9 The Council shall commission the TDA to undertake the arrangements for the lease or disposal in line with the terms specified by the relevant budget holders and these Financial Regulations and Contracts Procedures.
- 9.10 Officers will identify surplus assets for disposal or lease in accordance with the Officer Scheme of Delegation.

- 9.13 All disposals or leases shall be subject to a formal process prior to entering into a written contract. All disposal and leases shall comply with the Council's Contracts Procedures. All disposal or leases above a market value of £10,000 (in the opinion of a RICS qualified valuer) must be conducted via the Council's Electronic Tendering System. This process shall include details of the asset and any conditions and specifying a reasonable closing date by which expressions of interest must be received. Standard forms of documentation shall be used where possible. The disposal or lease process can include the use of a public auction or similar competitive method such as a property listing website for at least ten working days in preference to the Electronic Tendering System.
- 9.14 In accordance with Contracts Procedures, disposal and lease tender processes in respect of property expected to be greater than £50,000 must be electronically sealed. The Electronic Tendering System is set up to electronically seal tenders above £50,000. Verifiers are set up in the system, which are Officers who are able to electronically unseal Tenders. Verification may only be undertaken by an authorised Verifier who has duly been approved by the Monitoring Officer and Procurement Service.
- 9.15 There are instances where a disposal tender process is also subject to Public Contract Regulations. This is usually when the disposal involves an element of land development. In these instances, advice should be sought from Procurement, Contract Management and Commissioning.
- 9.16 Regulation 9.13 to 9.15 shall not apply to any of the following types of disposals or leases:-
- (a) Grants of leases to existing tenants where security of tenure may exist and the terms of the lease not significantly changed (whether or not their existing tenancies have come to an end);

(e) Long term lease under the Councils Community Asset Transfer Policy.

- 9.17 The Chief Finance Officer (in consultation with the Leader of the Council and Monitoring Officer) may give written authorisation to waive the requirements of Regulation 9.13 to 9.15 where he/she is satisfied that the proposed disposal or lease will be in the best interest of the Council and that the proposed terms of the disposal or lease are unlikely to be bettered by complying with Regulation 9.13 to 9.15.
- 9.18 All disposals and leases are to be accounted for on a gross basis showing the market value of the transactions. Any form of non cash transaction such as an exchange of land, nomination rights, or a concessionary rent below market value or similar transaction forms part of a budget holders' financial control (as set out in section 5 above).
- 9.19 Where a disposal or lease of land or buildings has been expressly approved by Council or the Leader of the Council, that decision shall be actioned by Officers.

- ~~b. — the proposed Contract is required urgently. The urgency must be brought about by events that were unforeseeable by and not attributable to the Council and which will result in loss or damage to the Council if the suspension or exemption is not allowed; and/or~~
- ~~c. — it would be in the best interests of the Council or local people not to comply in full with these Procedures; and~~
- ~~d. — the appropriate due diligence checks have been undertaken on the economic operator (where the request relates to the Award of a new Contract, as opposed to extending an existing arrangement) prior to submitting the request to waive Contract Procedures. However, Officers should be aware of the potentially anticompetitive implications of disclosing detailed Contractual information in the period around a procurement process taking place.~~

~~36.3 — The Information Compliance Team is the central processing department for all FOI requests and all requests received by Officers must be directed to them, Officers must not respond directly to any FOI request.~~

~~36.4 — The Information Compliance Team will seek advice from Procurement, Contract Management & Commissioning prior to responding to any such FOI requests.~~

37. — Local Government Transparency Code 2014

~~37.1 — The Code of Recommended Practice for Local Authorities on Data Transparency is issued under section 2 of the Local Government, Planning and Land Act 1980 (“the Act”) and sets out key principles for local authorities in creating greater transparency through the publication of public data.~~

~~41.2 Under both TUPE and Public Contract Regulations there is a requirement for the Council to share anonymous information relating to the staff who may be eligible to transfer.~~

~~41.3 In the case of external contracts the incumbent economic operator has a legal obligation to provide that information, but must be given sufficient notice of the requirement to provide the information prior to the issue of the tender documents.~~

~~41.4 Where Council staff are being outsourced Officers must involve Human Resources at the earliest opportunity in order to ensure that all the relevant staff information, pension liabilities and bond requirements can be provided to bidders.~~

~~(vii) Council Policy and Strategy~~

~~In addition to national legislation, policy and guidance there is range of Council policies and strategies which, where relevant, must be considered within the procurement process.~~

~~D. Procurement Development~~

~~45.3 In the case of Framework Agreements or Dynamic Purchasing Systems (DPS), the estimated procurement value shall be the total estimated value of all the contracts envisaged for the total term of the Framework or DPS.~~

~~45.4 Where a contract is proposed to be awarded in the form of lots, account shall be taken of the total estimated value of all the lots.~~

~~45.5 The estimated value of the procurement for goods and services is calculated by taking:~~

- ~~1. The value of the total amount payable for the full term of the contract, including extensions and is for 48 months or less; or~~

~~46. Regulated Procurement Spend Thresholds~~

~~46.1 The Regulated Procurement Spend Thresholds are amended every two years, officers must refer to the Procurement, Contract Management and Commissioning intranet pages or contact Procurement, Contract Management and Commissioning for the current Regulated Procurement Spend Threshold values.~~

~~46.2 Where an estimated value of a procurement is equal to or exceeds the Regulated Procurement Spend Threshold values, then the Public Contracts Regulations 2015 apply to the procurement process. However there are exceptions whereby the Public Contracts Regulations 2015 also apply in certain aspects to a procurement which has been estimated at below the Regulated Procurement Spend Thresholds.~~

~~47. Procurement Process~~

~~47.1 The procurement process selected must be in accordance with the table below. Refer to paragraph 45 (Estimated Value of the Procurement) for instructions on how to calculate this estimated value.~~

~~* In accordance with paragraph 38 (Approval to Proceed with the Procurement Process)~~

~~47.2 Where the Contract relates to the spending of funds provided by an external body the procurement process selected must comply with any requirements or thresholds set by the funder or guidance (such as DCLG's ESIF Compliance Guidance Note), which will take precedence over the processes set out in 47.1 above.~~

~~**48. Below Regulated Procurement Spend Threshold Procurements**~~

~~48.1 The Public Contract Regulations stipulate that the following applies to below Regulated Procurement spend threshold procurement processes:~~

- ~~(a) Must be published on Contracts Finder;~~
- ~~(b) Restricted Procedure is not permitted;~~
- ~~(c) Selection Criteria used to assess the meeting of minimum standards or Criteria must be relevant to the subject matter of the procurement and proportionate;~~
- ~~(d) Selection Criteria used to assess the meeting of minimum standards or Criteria must be in accordance with guidance issued by the Cabinet Office.~~

49. Division of Contract into Lots

49.1 When planning a procurement, consideration must be given to whether the contract could be subdivided into separate lots.

49.2 If it is decided not to subdivide the contract into separate lots, the main reasons for this decision must be provided in the procurement specification and also in the Find a Tender notice if applicable.

50. Preparation of Procurement Documentation

50.1 All procurement documents must be prepared and made available for the start of the procurement process. In terms of a restricted procedure, this includes the Selection Questionnaire (SQ) and the Invitation to Tender (ITT) documents.

51. Process Time Limits

51.1 The table below details the timescales for a procurement process which exceeds Regulated Procurement Spend Thresholds and the process is undertaken electronically.

Procedure	Timescale
Open	30 days 15 days if PIN is dispatched between 35 days and 12 months before Find a Tender Notice
Restricted	30 days for the SQ 25 days for the ITT 30 days for the SQ and 10 days for the ITT if a PIN is dispatched between 35 days and 12 months before Find a Tender Notice
Light Touch	No specific timescales – recommendation is to adopt the Open or Restricted Procedure
Further Competition	No specific timescales

51.2 When fixing the time limits for the receipt of tenders and requests to participate, the complexity of the contract and the time required for the economic operator to complete the tender must be considered.

~~51.3 For procurement processes which are below the Regulated Procurement Spend Thresholds, the timescale for receiving submissions should not be less than 10 working days.~~

~~52. Advertising the Procurement~~

~~52.1 There is no requirement to advertise tenders where the value of the contract is below £5,000.~~

~~52.2 All procurement processes between £5,000 and £50,000 must be advertised through the SupplyDevon hub. Where there are no suitable economic operators on SupplyDevon there is no requirement to advertise where economic operators are pre-selected for a formal or informal quote process. Wherever possible one of the pre-selected economic operators must be a local SME or VCSE (refer to paragraph J Definitions for the definition of local), unless it can be demonstrated that this requirement cannot be met.~~

~~52.3 All procurement processes over £50,000 must be advertised via the Council's Electronic Tendering System, refer to paragraph 76 (Electronic Tendering) and must be advertised via the Government's Contracts Finder, refer to paragraph 76 (Contracts Finder).~~

~~52.4 If it is determined as necessary due to the specialist nature of the market, in addition, further advertising in trade journals for example is permissible.~~

~~52.5 For procurement processes which exceed the Regulated Procurement Spend Threshold:~~

- ~~a. a Contract Notice must be published through the Council's electronic tendering system and advertised on Find a Tender and Contracts Finder, which are submitted via the Council's Electronic Tendering System, refer to paragraph 76 (Electronic Tendering).~~
- ~~b. all procurement documentation must be made electronically available from the date of the publication on Find a Tender. There are exceptions regarding procurement documents which are confidential in nature. Refer to Procurement, Contract Management & Commissioning for advice in this instance.~~
- ~~c. a Prior Information Notice (PIN) can be published in order to inform the intention of planned procurements in the future. The aim being to either advertise a bidder day or to enable the market to prepare. Using a PIN can then enable procurement process timescales to be shortened. Refer to paragraph 51 (Process Time Limits).~~
- ~~d. a Prior Information Notice (PIN) can also be used as a call for competition provided that the appropriate information about the procurement is made available. This then removes the requirement for a Contract Notice to be published and only the economic operators who expressed an interest against the PIN are invited to Tender.~~

53. Reserved Contracts

53.1 The Council may reserve the right to restrict participation in a procurement procedure:

- a. to sheltered workshops and organisations whose main aim is the social and professional integration of disabled or disadvantaged people or who are able to perform the contract within as part of a sheltered employment programme. In order to qualify to bid for a reserved contract at least 30% of the organisation’s employees or the employees of the workshop must be disabled or disadvantaged workers; or
- b. for certain social and other specific services to economic operators fulfilling the criteria to be considered a Social Enterprise or Public Service Mutual. Where this is the case contracts must not be put in place for more than 3 years and may not be awarded to an economic operator that has held the same reserved contract within the past 3 years.

54. Award of Contracts for Social and Other Specific Services¹

54.1 Contracts for social and other specific services may be tendered using a light touch regime. The opportunity must be advertised by means of either a Contract Notice or Prior Information Notice and the results of the tender must be made known by the publication of a Contract Award Notice.

54.2 The resultant procurement does not have to meet the requirements set out in the Public Contracts Regulations in relation to the procedure used, conditions of participation or timescales, but it must be reasonable and proportionate and the process must be undertaken in accordance with these Contract Procedures.

55. Procurement Procedures

55.1 The most appropriate procurement procedure should be selected from the following:

Procedure	Definition
Open	A procedure leading to the award of a contract whereby all interested economic operators may submit a tender without providing the opportunity to short list.

¹Officers should refer to Procurement Team for details of the services to which this applies.

<p>Restricted</p>	<p>NOT PERMITTED FOR BELOW REGULATED PROCUREMENT THRESHOLD SPEND</p> <p>A two-stage procedure leading to the award of a contract, the first stage following a pre-selection process which determines the economic operators who are subsequently invited to submit a tender.</p>
<p>Competitive Procedure with Negotiation</p>	<p>A restricted procedure (as detailed above) with the addition of the ability to negotiate with economic operators at the award stage. This is to be used only where the requirements are not sufficiently defined to enable award of a contract based on the specification and the project is not sufficiently complex to warrant Competitive Dialogue.</p>
<p>Competitive Dialogue</p>	<p>A flexible procurement procedure for use only in complex projects where there is a need for the Council to discuss all aspects of the proposed contract with economic operators.</p>
<p>Innovation Partnership</p>	<p>A procedure to be used only where the Council is aiming to develop an innovative product, service or works, which it then has the intention of purchasing. This may involve a number of partners and different phases of development.</p>
<p>Framework Agreement</p>	<p>An ‘umbrella agreement’ that sets out the terms under which individual contracts (call-offs) can be made through the period of the agreement.</p>
<p>Dynamic Purchasing System</p>	<p>A completely electronic system, which may be established by the Council and is open throughout its duration for the admission of economic operators and is used to purchase commonly used goods, works or services.</p>

56.— Collaborative Arrangements

56.1 Where it is of benefit to the Council, taking into account any adverse affect on the local economy or voluntary sector, opportunities to collaborate with other public bodies on procurement processes should be sought.

~~56.2 Where a collaborative procurement process occurs, it is the Procedures/governance arrangements of the public body leading the procurement which will apply unless the lead body specifically agrees otherwise.~~

~~56.3 Where an appropriate collaborative national or regional contract is available to use, consideration must be given to utilising these contracts, taking into account any adverse affect on the local economy or voluntary sector.~~

57.— Council-wide Contracts

~~57.1 Council-wide contracts are contracts that have been put in place for across Council use in relation to commonly and frequently purchased goods, works and services, such as stationery, agency staff, catering and car-hire.~~

~~57.2 Prices and terms have been agreed to achieve value for money for the Council as a whole and the Council is legally obliged to use these contracts once they have been put in place.~~

~~57.3 Council-wide contracts may also take the form of an approved list or framework agreement. Use of these approved lists and framework agreements are mandated where they have been put in place to facilitate corporate spending. Refer to paragraph 58 (Approved Lists) and paragraph 59 (Framework Agreements).~~

~~57.4 Council-wide contracts, approved lists and framework agreements enable direct purchasing and avoid the administrative costs and time involved in sourcing and purchasing goods and services with individual suppliers. The administrative costs and time taken can negate any savings on goods or services that can sometimes be found cheaper elsewhere.~~

58.— Approved Lists

~~58.1 The set up and use of approved lists are restricted to a contract value below the Regulated Procurement Spend Threshold. See paragraph 45 (Estimated Value of the Procurement) for how a contract value is calculated. The approved list may have a single economic operator or multiple economic operators.~~

~~58.2 The approved list must only be set up following a procurement process in accordance with these Procedures. All approved lists must be maintained in an open, fair and transparent manner.~~

~~58.3 Call offs from the approved list must be in accordance with the terms laid out in the approved list.~~

59. Framework Agreements

~~59.1 Framework agreements are umbrella agreements under which individual contracts can be called off either through a further competition or direct award, dependent on the terms of the agreement. The framework agreement may have a single economic operator or multiple economic operators and may have multiple lots.~~

~~59.2 The use of framework agreements, set up by either the Council or other public bodies, may be mandated for certain categories of spend. Call-offs from the framework agreement must be in accordance with the terms laid out in the framework agreement.~~

~~59.3 Framework agreements set up by third party organisations may only be utilised once written approval has been obtained from Procurement, Contract Management & Commissioning, who will undertake the necessary checks to ensure the Council is legally able to use it.~~

~~59.4 Framework agreements established by the Council will be procured in accordance with the Public Contracts Regulations. If the intention is to share access to the framework with other Public Bodies, these must be appropriately named within the tender documentation and a user agreement must be signed by the public body before they are able to utilise it.~~

~~59.5 Call offs from the framework must be in accordance with the terms laid out in the framework agreement.~~

60. Central Purchasing Bodies

~~60.1 The Council may procure goods services or works through a central purchasing body once written approval has been obtained from Procurement, Contract Management & Commissioning, who will undertake the necessary checks to ensure the Council is legally able to use it.~~

~~60.2 Where the Council undertakes procurement through such a body it shall be deemed to have complied with the Regulations to the extent that the central purchasing body has complied with them.~~

61. Contracts with other Public Sector Bodies

~~61.1 Contracts Awarded to Organisations Controlled by the Council~~

~~The Council is able to directly award a contract, without the requirement for a procurement procedure, to an organisation over which it exercises direct control, in its own right or jointly with other public bodies, where:~~

- ~~a. the Council has control over both the strategic objectives and significant decisions of the organisation (either directly or indirectly through another organisation it controls); and~~

- ~~b. — more than 80% of the activities carried out by the organisation are on behalf of the Council, i.e. the organisation generates 80% of its income from the Council or activities undertaken on behalf of the Council; and~~
- ~~c. — there is no direct private capital participation in the organisation that gives the private capital provider any control over the organisation.~~

~~An organisation directly controlled by the Council may also make a direct award of a contract to the Council, where the above criteria are met.~~

~~61.2 Contracts Awarded to Other Public Sector Bodies~~

~~The Council is able to directly award a contract, without the requirement for a procurement procedure, to other public bodies where:~~

- ~~a. — the Contract establishes co-operation between the public bodies with the aim of ensuring any public services they have to perform are able to achieve shared objectives; and~~
- ~~b. — that co-operation is governed solely by considerations relating to the public interest; and~~
- ~~c. — less than 20% of the activities that will be undertaken are performed on the open market.~~

E. — Tender Preparation

62 — Tender Pack

~~62.1 — Standard templates and guidance on completing the templates for the procurement of goods, services and works are maintained and developed by Procurement, Contract Management & Commissioning. These are available to Officers on request from Procurement, Contract Management & Commissioning.~~

~~62.2 — Officers are required to use the current version of standard templates for each procurement process undertaken.~~

~~62.3 — Where a variation to a standard template is required the Officer should consult with Procurement, Contract Management & Commissioning prior to any changes being made.~~

63. — Consortia

~~63.1 — Officers may require members of the consortium to assume a specific legal form if awarded the contract, to the extent that it is necessary for the satisfactory performance of the contract.~~

~~63.2 Where economic operators are proposing to create a separate legal entity, such as a special purpose vehicle (SPV), they should provide details of the actual or proposed percentage shareholding of the constituent members within the new legal entity as part of their tender submission.~~

~~63.3 All members of the consortium will be required to provide the information required in all sections of the 'selection' section of the tender response as part of a single composite response.~~

~~63.4 Consortium arrangements may be subject to future changes. Economic operators can provide updated information regarding these arrangements so that a further assessment can be carried out (by applying the selection criteria to the new information provided). The Council reserves the right to deselect the economic operator prior to any tender award, based on an assessment of the updated information.~~

~~64. Sub Contracting~~

~~64.1 Where the economic operator proposes to use one or more sub-contractors to deliver some or all of the contract requirements, the economic operator must provide information regarding members of the supply chain, the percentage of work being delivered by each sub-contractor and the key contract deliverables each sub-contractor will be responsible for.~~

~~64.2 Arrangements in relation to sub-contracting may be subject to future change and may not be finalised until a later date. However, where information provided in the tender submission indicates that sub-contractors are to play a significant role in delivering key contract requirements, any changes to those sub-contracting arrangements may affect the ability of the economic operator to proceed with the procurement process or to provide the supplies and/or services required. Therefore economic operators should notify the Council immediately of any change in the proposed sub-contractor arrangements. The Council reserves the right to deselect the economic operator prior to any tender award, based on an assessment of the updated information.~~

~~65. Economic Operator Financial Risk Issues~~

~~65.1 Financial Information~~

~~The financial assessment must be undertaken in a manner that is proportionate, flexible and not overly risk averse. All economic operators, whatever their size or constitution, should be treated fairly and with equal diligence during the financial appraisal process and arbitrary minimum requirements should not be imposed which may have the unintended effect of barring new business from tendering. For example: no SMEs, public service mutuals or third sector organisations should not be inadvertently disadvantaged by the financial assessment process.~~

~~65.2 Officers must refer to the Procurement Guidance and Standard Tender Templates for further guidance regarding the financial assessment process.~~

~~65.3 Business Insurance Requirements~~

~~Officers must seek advice from Insurance Services with regard to the appropriate types and levels of insurance required for each contract. The resultant requirements must be stipulated in the tender documents and contract.~~

~~65.4 Bonds and Guarantees~~

~~Guarantees and bonds can be either financial or performance guarantees, or a hybrid of both. However, with the exception of pension bonds, they only come into effect after the economic operator has failed to perform its Contractual obligations,~~

- ~~1. Deed of Guarantee – Officers must consult with the Procurement, Contract Management & Commissioning and Chief Finance Officer, at the outset of any procurement and at each stage of the process, on whether a deed of guarantee is required and:~~

~~(a) the total value of the contract exceeds £250,000;~~

~~(b) there is some concern about the stability of the economic operator.~~

~~Details of the Council's requirements must be clearly stated in the tender documents.~~

- ~~2. Parent Company Guarantee – Officers must consult with the Chief Finance Officer, at the outset of any procurement and at each stage of the process, on whether a Parent Company Guarantee is required when an economic operator is a subsidiary of a parent company and:~~

~~(c) the total value of the Contract exceeds £250,000;~~

~~(d) award is based on evaluation of the parent company; or~~

~~(e) there is some concern about the stability of the economic operator.~~

~~Details of the Council's requirements must be clearly stated in the tender documents.~~

- ~~3. Performance, Conditional or On-Demand Bonds – Officers must consult with the Chief Finance Officer, at the outset of any procurement and at each stage of the process, on whether a Bond is required, where:~~

~~(f) the total value of the Contract exceeds £1,000,000; or~~

~~(g) it is proposed to make stage or other payments in advance of receiving the whole of the subject matter of the Contract; or~~

~~(h) there is concern about the stability of the economic operator.~~

~~Details of the Council's requirements must be clearly stated in the tender documents.~~

~~4. Pension Bond—Where the Contract involves the transfer of Council staff to an external organisation Officers must consult with the Chief Finance Officer and Human Resources/Pension Service, at the outset of any procurement and at each stage of the process, on whether a Bond is required to cover potential pension liabilities.~~

~~—Details of the Council's requirements must be clearly stated in the tender documents.~~

~~65.5—Other Performance Measures~~

~~Consideration must be given to what appropriate types of contract performance measures need to be in place as these will need to be clearly stated in the tender documents and the contract. The selection must be based upon a risk assessment and what is appropriate and proportionate and based upon a risk assessment and a consideration of the effect on SMEs and resultant bid costs.~~

~~(a) Contract management and monitoring procedures;~~

~~(b) Step in rights;~~

~~(c) Liquidated Damages;~~

~~(d) Default Payments;~~

~~(e) Service Credits; and~~

~~(f) Escrow arrangements.~~

~~Details of the Council's requirements must be clearly stated in the tender documents.~~

~~66.—Contract Terms and Conditions~~

~~66.1—Advice should be sought in relation to the application of the most appropriate contract terms and conditions, which must be included as part of the procurement documents. They will either be:~~

~~(a) An industry standard suite of Contracts, JCT, NEC, ICE~~

~~(b) The Councils Standard Contract Terms and Conditions~~

~~(c) Framework Agreements~~

~~(d) Framework User Agreements~~

~~(e) Call Off Contracts~~

~~Procurement, Contract Management & Commissioning will seek advice from Legal Services in relation to the appropriate application of Contract Terms and Conditions.~~

~~66.2 Council Standard Terms and Conditions~~

~~Clauses within the general terms and conditions section of the contract must not be amended, deleted or marked not applicable.~~

~~Clauses within the key provisions section of the contract may only be amended or marked not applicable in consultation with Procurement or Legal Services.~~

~~66.3 Review and Amendment of Contract Clauses~~

~~Contract clauses must not be amended once the tender process has commenced or following contract award without the approval of Procurement, Contract Management & Commissioning.~~

- ~~a) Exclusion Grounds~~
- ~~b) Selection Criteria~~
- ~~c) Award Criteria~~

~~Selection and award criteria must be treated separately. All criteria, sub-criteria and weightings must be clearly detailed within the tender documents.~~

~~a) Exclusion Grounds~~

~~There are mandatory and discretionary grounds for excluding an economic operator from participating in a procurement process, in accordance with the Public Contract Regulations 2015. To protect the Council these grounds must be applied to all economic operators participating in procurement processes with an estimated procurement value of £50,000 or above.~~

~~Officers should refer to the Procurement Guidance for further information on the mandatory and discretionary exclusions.~~

~~b) Selection Criteria~~

~~The selection criteria may relate to:~~

- ~~a. suitability to pursue a professional activity;~~
- ~~b. economic and financial standing;~~
- ~~c. technical and professional ability.~~

~~Requirements must be limited to those that are appropriate to ensure the economic operator has the legal and financial capacities and the technical and professional abilities to perform the contract to be awarded. In addition requirements must be proportionate to the value, subject matter and level of risk of the contract.~~

~~Officers must refer to the Procurement Guidance and Standard Tender Templates when establishing all selection criteria and these must be declared within the tender documents.~~

~~68. — Reliance on the Capacity of Other Entities~~

~~68.1 — Where an economic operator relies on the capacity of other entities in relation to economic and financial standing or technical and professional ability, Officers are required to obtain proof from the economic operator of the commitment of those other entities.~~

~~68.2 — In some cases this will also involve the requirement for the other entity to respond some or all of the mandatory exclusions, discretionary exclusions and selection criteria, as appropriate to that entities involvement in the delivery of the contract.~~

~~68.3 — Officers should refer to the Procurement Guidance for further information on this requirement.~~

~~69. — Limiting the number of economic operators to be invited to Tender~~

~~69.1 — In the Restricted, Competitive with Negotiation, Competitive or Innovation Partnership Procedures, Officers can limit the number of suitable economic operators to be invited to tender, following the assessment of the suitability criteria. The minimum number this can be limited to is five for restricted and three for all others.~~

~~69.2 — Where the minimum number is not available, the number of economic operators invited must be sufficient to ensure genuine competition.~~

~~69.3 — Officers must refer to the Procurement Guidance when establishing criteria for limiting the number of economic operators to be invited to tender.~~

~~70. — Selection Questionnaire Template~~

~~70.1 — Officers must use the appropriate standard Selection Questionnaire, which can be found within the tender pack, for all procurements where the estimated value of the procurement is above £50,000.~~

~~70.2 — This Selection Questionnaire has been set up using a standard set of questions in accordance with guidance issued by the Cabinet Office under the Public Contract Regulations.~~

~~71. — European Single Procurement Document~~

~~71.1 From 18 April 2017 the Council will be required to accept the European Single Procurement Document as preliminary evidence instead of certificates published by public authorities or third parties.~~

~~72. Award Criteria~~

~~72.1 The award of a contract must be based on the most economically advantageous tender assessed from the point of view of the Council.~~

~~72.2 The award criteria must be linked to the subject matter of the contract and ensure the possibility of effective competition.~~

~~72.3 Officers must refer to the Procurement Guidance for further information on award criteria.~~

~~73. Life Cycle Costing~~

~~73.1 Life cycle costs consist of all the costs over the life cycle of a product, service or work.~~

~~73.2 Where life cycle costing is used as one of the criteria for establishing the most economically advantageous tender this must be declared within the tender documents, including what data must be provided and the method that will be used to determine these costs.~~

~~73.3 Officers must refer to the Procurement Guidance for further information when using this criteria within their procurement process.~~

~~74. Use of Presentations, Interviews and Site Visits~~

~~74.1 Where presentations, interviews or site visits are necessary in enabling Officers to establish the most economically advantageous tender this must be declared within the tender documents. The documents must clearly state the purpose and where applicable the criteria and weightings.~~

~~74.2 Where used, all economic operators must be included and all relevant information including questions must be issued to them in advance via the Electronic Tendering system. Officers must refer to the Procurement Guidance for further information when using this criteria within their procurement process.~~

~~F. Procurement Process~~

~~75. Electronic Tendering~~

~~75.1 All requests for quote between £25,000 and £50,000 must be conducted via the Council's Electronic Tendering System.~~

~~75.2 All procurement processes over the £50,000 spend threshold must be conducted via the Council's Electronic Tendering System.~~

C. Routes to Market

40. Procurement Procedures

40.1 The procurement procedure used will be established in accordance with ~~Table 2~~ **Table 2**, considering the value, complexity and risk associated with the Contract.

40.2 Instructions on how to calculate the estimated value and full details of the individual procurement options are contained within the Commercial Policy.

- b. for below Threshold Contracts the procurement procedure used specifically requires use of the E-tendering System or where it is considered appropriate for market and process being undertaken.

42.5 Where Tender documents are subject to significant modification the Council will extend the submission deadline where it is deemed further time is required by Suppliers to address the changes.

VAT) or more the Council will issue an appropriate set of terms and conditions with the Tender pack, this may be the Council's own standard terms for the provision of services or supplies, industry standard contracts such as JCT and NEC, Framework or DPS call-off contracts.

46.5 If the lowest price obtained exceeds the Threshold and the Procurement has not been undertaken in accordance with the Regulations the Council will restart or abandon the Procurement.

47. Tender Evaluation

- b. Award criteria – this looks forwards at what will be provided under the Contract, directly linked to the subject matter of the Contract, used to establish the Most Advantageous Tender (MAT) and comprising an assessment of quality, price and social value.

47.2 Where there are errors or discrepancies within a Supplier’s Tender response the Council will give the Supplier the opportunity to rectify the errors or discrepancies only if it is determined the Supplier will not gain an unfair advantage.
