

**Notice of Motion - Non-Coalition Group/Labour – Council 4 December 2014
(Mayoral)**

**Urgent Review of Safer Communities policies and priorities for the protection
and care of women in Torbay**

That this Council requests that the Mayor, in collaboration with the Executive Lead for Safer Communities, lead an urgent review of the priorities and policies of Safer Communities for the protection and care of women in the Bay. That this review be carried out in public, include invitations to the Police and Crime Commissioner and Bay MPs, and involve the participation of all councillors, as the elected representatives of their respective wards, throughout the review.

Council calls for this review in light of the level of crimes against women, including the increase in the number of assaults (both physical and psychological), sexual assaults, rapes and child sex abuse in our Bay.

Proposed: Councillor Julien Parrott
Seconded: Councillor Darren Cowell
