### **Trading Standards Discretionary Fees**

When a visit is made by a Trading Standards Officer to any premises for the purpose of carrying out any of the functions or activities listed below, each visit may be subject to a minimum charge of **£82.00** per Officer per visit regardless of the nature or amount of work requested or completed.

Visits carried out partly or entirely outside of normal office hours may incur a surcharge of **50%** of the standard fee or of the standard hourly rate per Officer per hour.

Previous discussions with HM Customs & Excise had concluded that fees with the exception of those put forward for the purposes of Section 74 of the Weights and Measures Act 1985, were NOT subject to VAT. This is because the work of local authorities was classified as a 'non-business' activity. However, the situation has now changed. Where applicable, VAT is included in the guidance provided. See Customs & Excise Notice 749 – Local Authorities and Similar Bodies (April 2002) for further details. NB – this may be subject to further review at any time, but is current at the time of writing (November 2007).

This is written on the assumption that the proposed that the proposed Legislative Reform Order (to permit self-verification after adjustment) will come into effect on 1<sup>st</sup> April 2008. If this were not to be the case, fees for such eventualities would continue to be VAT-exempt.
