

**Notice of Motion – Council 23 February 2017 (Mayoral Decision)  
Clinical Health Services**

This Council objects to the removal of clinical health services delivered in Paignton and to any proposal that downgrades Torbay's District General Hospital, and calls on the Mayor to contact the leaders of neighbouring local authorities whose residents will be affected by such changes to unite against them, and to use his community leadership role to raise with the Government the views of opponents to these changes from residents, patients and staff from across South Devon.

Proposed by: Councillor Sanders

Seconded by: Councillor Darling (S)
