

## Affordable Residents Parking Permit Scheme

This council asks the Mayor to request the Executive Lead for Safer Communities & Transport to bring forward proposals for the introduction of an affordable Resident's Parking Permit Scheme that will:

- i) Be valid in any council owned car park
- ii) Have a pay-monthly option, or
- iii) A monthly ticket to be purchased from machines

Council recognises that there is a need to support residents during this tough economic climate and to endeavour to support our town centres.

Proposed by Councillor Cowell  
Seconded by Councillor Morey
